Moving a Student

Oak Grove Lutheran School understands that not all problems can be resolved to everyone's satisfaction. Should problems persist between the student and the host family, it may be necessary to move the student from their host family's home. This move may be at the request of the student or host family, and must be submitted in writing explaining the situation of concern in detail. Any written requests must be signed, dated, and submitted to the International Coordinator prior to moving the student. Oak Grove's International Coordinator must be involved in any moving of a student. Host families may not dismiss a student from their home without first contacting the International Coordinator. Students may not leave the home without first contacting the International Coordinator. Oak Grove will make every effort to find a new placement for a student as soon as possible. However, if a situation arises in which either party feels threatened, appropriate measures will take place immediately by Oak Grove.

Probation

International students are expected to perform academically, and act appropriately and respectfully at all times while attending Oak Grove, in accordance with the *Student Handbook*, and while living with a host family. An international student will be placed on probation if academic or disciplinary issues arise and will be given time to show improvement.

Examples:

- If a student is caught cheating they will be receive a 0 on that assignment or test.
- If a student is caught sleeping in class they will be assigned detention.
- It is expected you will maintain a C in each of your classes at Oak Grove. Failure to do so may result in probation and/or dismissal. (first year students will be allowed the first quarter to adjust to culture and academic style)
- It is strongly encouraged for you to attend conferences with your host family regardless.

Probation is a period in which Oak Grove will determine whether or not the student will make behavioral or academic changes deemed necessary to stay within the program. A probation letter from the Principal will outline expectations, while giving a time frame for improvement, giving the student every opportunity to do so. Probation letters will be signed by the international student; refusal to sign a probation letter may result in immediate termination of the student from the Oak Grove International Program. The

conditions and length of probation is determined by Principal. A copy will be provided to the student, host family, foreign partner office and natural family.

If all conditions of the probation letter have been met during the probation period, the international student will return to good academic or disciplinary standing and will be allowed to continue in the International Program. If the student does not meet the conditions of the probation letter by the end of the probationary period and has not shown improvement, further actions may be taken in regard to their current and future enrollment in the international program at Oak Grove.

Dismissal

International students can be dismissed for any unacceptable behavior or violation of Oak Grove's *Student Handbook* or the *International Program Student and Host Family Handbook* that the Administration deems appropriate. Student dismissal is a decision of the Oak Grove Administration. Notification of dismissal will be forwarded to the student's natural family, whereupon the student's F-1 Visa will be terminated and the student will be requested to return to his/her country. In most cases, the international student and natural family will receive warning about possible dismissal from the program or the student being placed on probation.
