Dear Oak Grove Families,

I hope that everyone is enjoying their summer vacation! I wanted to make sure that all families are aware of the 2017-2018 vaccination requirements put in place by the North Dakota Board of Health. Oak Grove wants to ensure that all students are up to date on their immunizations prior to the start of school. State law requires that all children in school have the required immunizations for entry into school for the 2017-2018 school years.

Oak Grove Lutheran School is requiring that all immunization records be complete by September 22nd, 2017. Please have your child receive the required immunizations and provide a copy of the North Dakota Department of Health Immunization record to the school within the first week your child begins classes. If your child is a returning student and not in Grade 7 his/her immunization record is on file. If we don't have record of your child's immunizations by September 22nd, 2017 your child will be asked to remain at home until their immunizations are complete and proof of their completion is on file. If you are opposed to your child receiving the required immunizations for religious, philosophical, or moral reasons, please contact the admissions office at 701-373-7114 for further information.

Parents of new Kindergarteners and Grade Students, please take special note to the immunization requirements for entry into school by grade. Enclosed are the 2017-2018 School Immunization Requirements of North Dakota Department of health.

Parents of 7th graders, please take special note to the immunization requirement. The T-dap (tetanus booster) and Menactra (meningococcal) immunizations are recent requirements by the State of North Dakota for entry into the 7th grade.

Also enclosed in the back to school packet is the Oak Grove Student health Form; these forms need to be filled out new every year to ensure that we have the most up to date health information for your child. Current health forms are required for students to travel with any school trip, so please ensure that these are completed prior to the start of school.

Thank you for your cooperation, and please feel free to contact me with any questions that you might have. I am more than willing to help in any way that I can. Enjoy the rest of your summer vacation!
