## COURSE/CLASS LOAD

Each student must take a minimum of 6 classes per semester. Students that have been approved to take off-campus courses *may* have the option of taking 5 classes per semester, provided they will have enough credits to graduate. **High School students may only take courses off-campus that are not offered through the Oak Grove regular curriculum.** Home school students must take a minimum of two courses to be considered enrolled at Oak Grove, along with evidence of coursework completed at home. Study Halls do not count in a student's course/class load. Any variance to this policy is at the discretion of the counselor and/or school administration.

## DAILY BULLETIN AND ANNOUNCEMENTS

The Daily Bulletin is posted on the web site and emailed to each student and family. All announcements must be approved by a group's advisor and submitted to the office by 3:30 p.m. for the following day's Daily Bulletin and by 8:30 a.m. for verbal morning announcements.

## DANCE/STUDENT ACTIVITY GUIDELINES

- All off-campus dates/friends must provide a driver's license or school student ID to Dean of Students

## DISCRIMINATION

No student may be discriminated against on the basis of sex, gender, sexual orientation, religion, ethnicity, or color. Such violations should be reported to the main office immediately.

## DUAL CREDIT

Juniors and seniors, with approval from the Academic Dean, may take college courses and earn both college and high school credit. College credits earned may NOT be classes that are offered here at Oak Grove. Students may take dual credit in three ways: 1) at Oak Grove 2) at a local college/university,

and/or 3) on-line. Students who wish to receive high school credit for their college course may need to fill out an application and have the course approved by the school counselor and Academic Dean before starting the class. For each full semester college course that a student successfully completes, the student will earn .5 high school credit. College courses taken for dual credit will appear on the high school transcript, and the grade will be included in the cumulative GPA. Up to 2 high school credits obtained through college coursework **off-campus** can count toward high school graduation. Students may not take off-campus college courses in place of the required core high school courses, including Christian Studies. Tuition and books for college classes are the responsibility of the student and family.

## **EARLY GRADUATION**

Care must be exercised to ensure that the desire to graduate early has been well thought through by the student and parents/guardians.

A person who wishes to graduate early must follow these steps and meet these requirements:

- State and school requirements concerning number of credits and required courses still pertain.
- The individual maintains a grade-point-average of at least 2.80.
- The individual submits to the administration a letter from their parents/guardians stating that they seek permission for early high school graduation. The letter must be received by June 30 prior to the desired graduation date.
- A conference is arranged with the individual, his/her parents/guardians and the counselor and Academic Dean during which early graduation is discussed.
- After variance has been granted for early graduation, the student must meet with the counselor to create a plan of completion for graduation.
- Students graduating early will NOT be considered in the calculation for Valedictorian. They may be considered for Salutatorian IF there is a Salutatorian designation.
- The Academic Dean, in consultation with faculty, has the right to revoke or alter early graduation permission at any time during the academic year.

## **ELECTRONIC EQUIPMENT/DEVICES**

All high school and middle school students will use school provided electronic devices in accordance with the Oak Grove Acceptable Use Policy (AUP). High School students may choose to bring their own computer to use, but all middle school students must use only the Oak Grove issued device. A signed AUP must be on file in order to use a school issued device. The AUP is signed at the time of enrollment or during the re-enrollment process. It is highly recommended that each student read and understand the AUP, found at the end of this document on page 34.

In the event that a school-issued device is lost or damaged, the cost of replacement or repair will be the responsibility of the students' families.

All non-academic devices are not allowed such as radios, laser-pointers, gaming devices, etc. See cell phone policies earlier in this manual.

## **ELIGIBILITY (ACADEMIC) TO PARTICIPATE IN EXTRACURRICULAR ACTIVITIES**

Students will be held to all NDHSAA eligibility rules and regulations. In addition, Oak Grove Lutheran School students have a minimum expectation to be involved in extracurricular activities. All grades will be checked on Tuesdays. Any student failing a class will report to the Dean of Students or Academic Dean for an AI form, to be filled out by the student and teacher. The student will then report to that teacher for Academic Intervention (AI) for every day the letter grade remains an F. It is the duty of the student to turn in the completed form to the Dean of Students.

Academic Intervention takes precedence over practices. Students will report daily to AI from 3:30-4:00 and may join practices only after 4:00.

Any student who has an “F” in any course will not be eligible for contests/performances. Any student who misses/skips AI will be ineligible for their next contest/performance/meeting.

#### *INELIGIBILITY AS IT APPLIES TO VARYING ACTIVITIES:*

##### Athletes:

- May **NOT** participate in any contest
- May **NOT** travel with their teams/groups if it means missing school.
- Must attend practices, only after Academic Intervention unless otherwise instructed by the administration.
- May be used as team assistants during the game/activity, and/or may sit with the team in an area designated by the Coach/Advisor
- May be in the locker room before, during and/or after the game, unless otherwise restricted by the coach
- More strict guidelines may be imposed by the coach/administrator

##### Music:

- Since choir and band are classes for which the student receives credit, the student has a responsibility to take part in public performances resulting from those rehearsals. The student may not take part in public performances during the school day that might take him/her out of other regular classes.
- Musical performances that are not a result of middle school music, chapel choir, concert choir, or band and not a part of the credit work for that class will not be permitted. Examples are the Madrigal group, Middle School Honor Choir, small ensembles, Carolers, and Choir Tour.
- Ineligible students must remain in the music classroom and complete written assignments given by the teacher so class credit will not be lost.
- Ineligible students may practice with the group.
- Students will not be allowed to take part in competitions. This includes large group contests, regional and state solo and ensemble contests.
- Vocal solos resulting from private lessons are not considered an extracurricular activity but will be permitted. These lessons must not take the student out of regular classes during the school day.

##### Student Council:

- The student will not attend meetings or activities of the Student Council. If ineligibility is long-term, the council may decide to replace the student.

##### Speech, Debate, Student Congress and Theater/Drama:

- There will be no participation in contests or performances during the time of academic ineligibility.
- Must attend practices/rehearsal, after Academic Intervention unless otherwise instructed by the coach/advisor/administration.

## **EMERGENCY PROCEDURES AND DRILLS**

Oak Grove administration shall conduct periodic state mandated fire and tornado drills, so as to familiarize students and staff with said procedures. Instructors/Employees shall post in each room the approved evacuation routes for fire drills, and the areas for shelter in case of a tornado and familiarize students with all intended procedures.

Administrators will meet each fall with small student groups to educate students in and explain protocols of several emergency preparedness precautions. Administrators will explain the procedures recommended by the Department of Homeland Security for scenarios involving (but not limited to) a medical emergency on campus, an environmental emergency, and an intruder to campus. NO school wide drills will be run in

a scenario for school intruders. Teachers will be educated on best practice for school intruders, and will instruct students on protocols should the need arise.

### **FAILING A COURSE AND STUDENT RETENTION**

Students who receive an ‘F’ as a final grade for a semester will not receive credit for the semester. If the ‘F’ occurs in a required course, the student must retake that course semester before graduating. If the ‘F’ occurs in an elective course, the student may choose to retake said course.

Retaking a course or semester that has been failed is known as ‘Credit Recovery’. In a credit recovery situation, if the credit is recovered off-campus the original ‘F’ will remain on the transcript and will continue to be calculated into the student’s GPA. If the credit recovery is taken at Oak Grove Lutheran School, the course name will remain, the “F” will be removed and replaced by the new grade.

Courses taken to improve a grade (courses not failed) may only be retaken at Oak Grove Lutheran School. Upon completion of the retake, only the higher grade will be used in GPA calculation.

The registrar, counselor, and Academic Dean will preview all student credit counts after grade 11 is complete. If a student does not have the required number of credits to be moved to a senior status, students will remain classified as a junior. Students and parents will be notified.

In the event that a student in middle school receives an ‘F’ in any core course, that student may be encouraged to enroll in summer school, and receive a passing grade, in order to move-on to the next grade. Middle school students earning an “F” in more than two courses will be considered for retention.

The retention of a middle school student will depend on the number of courses failed throughout the year, and the opinion of the administration and staff to whether said student is capable of moving forward or needs to be retained. This determination must be made by the administration, and relayed to the parents, before the end of the school year.

### **FAILING A CLASS AND ACADEMIC INTERVENTION**

All students’ grades will be checked on Tuesdays by the Dean of Students. Any student failing a class will be asked to report to the Dean of Students or Academic Dean for an AI form, to be filled out by the student and teacher. Each day, from 3:30-4:00, the student will report to that teacher for Academic Intervention (AI) for every day the letter grade remains an F. In the event a student is failing more than one class, the student and teachers will work out a schedule of AI time after school until the student is no longer failing the class(es). It is the duty of the student to turn in the completed AI form to the Dean of Students. If the student is involved in an extracurricular activity, please also see the “Eligibility” section of the student handbook.

### **FAMILY PORTAL**

Oak Grove utilizes an electronic grading system and management program called the Family Portal. Parents can obtain login help from the main office to gain access to the Family Portal. Parents can monitor their child’s grades and attendance through the Family Portal. Students also have access to a Learner Management Site and Google Classroom that teachers will utilize for assignments and information.

### **FIGHTING**

Upon receipt of a report of an alleged policy violation, the designated administrator shall first determine if the alleged policy violation is based on a protected class—whether actual or perceived. Reports involving a protected class shall be investigated in accordance with the school’s harassment/discrimination policy, including the timelines contained therein. In all other cases, administration shall determine the level of investigation necessary based on the nature of the alleged violation of this policy after considering factors such as, but not limited to: the identity of the reporter and his/her relationship to the victim/alleged perpetrator; the ages of the parties involved; the detail, content, and context of the report; whether this report is the first of its type filed against the alleged perpetrator. Based on the level of investigation the administrator deems necessary, investigations may include any or all of the following steps or any other investigatory steps that the administrator deems necessary:

1. Identification and collection of necessary and obtainable physical evidence (NOTE: In some cases, physical evidence may be unobtainable, e.g., a private social networking profile);
2. Interviews with the complainant, the victim, and/or the alleged perpetrator. At no time during an investigation under this policy shall the victim/complainant be required to meet with the alleged perpetrator;
3. Interviews with any identified witnesses;
4. A review of any mitigating or extenuating circumstances;
5. Final analysis and issuance of findings in writing to the victim and bully and, if applicable, implementation of victim protection measures and disciplinary measures under this or other applicable policies. Investigations shall be completed within 60 days unless the administrator documents good cause for extending this deadline. Such documentation should be sent to victim and alleged perpetrator during the investigation.

### **Disciplinary & Corrective Measures**

Students that the School has found to have violated this policy shall be subject to disciplinary consequences and/or corrective measures. When determining the appropriate response to violations of this policy, administration shall take into account the totality of circumstances surrounding the violation. Measures that may be imposed include, but are not limited to:

- Require the student to attend detention;
- Impose in- or out-of-school suspension or recommend expulsion. Due process procedures contained in the school’s suspension and expulsion policy shall be followed;
- Recommend alternative placement. This recommendation shall be submitted to the Academic Dean for approval or denial. The Academic Dean may approve such recommendations only if the student has been given notice of the charges against him/her and an opportunity to respond;
- Create a behavioral adjustment plan;
- Refer the student to a school counselor;
- Hold a conference with the student’s parent/guardian and classroom teacher(s), and other applicable school staff;
- Modify the perpetrator’s schedule and take other appropriate measures (e.g., moving locker) to minimize contact with the victim;

- If applicable, contact the administrator of the website on which the bullying occurred to report it. If the misconduct does not meet this policy’s definition of bullying, it may be addressed under other school disciplinary policies. For bullying initiated off campus and received on campus (e.g. cyber bullying), the School only has authority to impose disciplinary measures if the bullying substantially disrupted the educational environment or posed a true threat. In all other cases of off campus bullying received on campus, the School may only take corrective measures as described in items five through eight above. If the perpetrator is a school staff member, the School shall take appropriate disciplinary action including, but not limited to: a reprimand, modification of duties (only if allowed by applicable policy, the negotiated agreement, and/or the individual’s contract), suspension, or a recommendation for termination/discharge in accordance with any applicable law. Victim Protection Strategies When the School confirms that a violation of this policy has occurred, it should notify the victim’s parents and shall implement victim protection strategies. These strategies shall be developed on a case-by-case basis after administration has reviewed the totality of the circumstances surrounding the bullying incident(s) or other violations of this policy. Strategies may include, but not be limited to, the following:

- Additional training for all students and applicable staff on implementation of this policy and/or bullying prevention.
- Notice to the victim’s teachers and other staff to monitor the victim and his/her interaction with peers and/or the assignment of a staff member to escort the student between classes.
- Assignment of school staff to monitor, more frequently, areas in the school where bullying has occurred.
- Referral to counseling services for the victim and perpetrator.
- Modification of the perpetrator’s schedule and other appropriate measures imposed on the perpetrator (not the victim) to minimize the perpetrator’s contact with the victim. Prevention Programs & Professional Development Activities In accordance with law, the School shall develop and implement bullying prevention programs for all students and staff professional development activities.

### **BULLYING REPORTING GUIDELINES**

The following are signs that may indicate that a student has become a victim of prohibited behavior contained in the school’s bullying policy. The examples serve as guidelines only and in no way, encompass all indicators that a student has become victim of bullying. Students with knowledge/ reasonable suspicion of any conduct indicating a violation of the bullying policy should report it in accordance with the procedure in the bullying policy, and school staff with knowledge/reasonable suspicion of such conduct shall report it in accordance with the procedure in the bullying policy.

#### Reporting Guidelines:

Students should file a report under the bullying policy and staff shall file such a report when there is:

- Any report by a student that s/he is concerned about his/her safety as a result of intimidation, hostility, or actions by a student or staff member. Such students often avoid certain locations in the school to limit contact with a bully (e.g., locker rooms, restrooms, parking lots).
- Any report by a student that his/her property has been damaged or s/he is concerned that his/her property will be damaged as a result of intimidation, hostility, or actions by a student or staff member.
- Any indication that a student is being deprived of educational opportunities (e.g., grades rapidly decline, a pattern of absenteeism, avoids certain locations in the school.)

- Any indication of verbal, nonverbal, physical aggression, intimidation, or hostility based on a protected class, i.e., race, color, religion, sex, national origin, age, disability (physical or mental), or status with regard to marriage or public assistance.
- A student has filed a report under the bullying policy or participated as a witness in a bullying investigation and has since become the subject of verbal, nonverbal, or physical aggression or hostility by other students or staff.

# Oak Grove Lutheran School

## Acceptable Use Policy

---

### **Vision and Purpose:**

Oak Grove Lutheran School believes that the appropriate implementation of technology plays a vital role in the education of our students. By introducing technology into our K-12 curriculum, we can ensure that students:

- Engage actively in their learning, taking an active role in analysis and production of information
- Collaborate with students, teachers, parents, community members, and people throughout the nation and world through interactive capabilities and opportunities
- Take ownership of their learning opportunities, connecting them to learning in a meaningful manner

### **To the student:**

Your personal learning device, whether provided by the school or purchased personally, including but not limited to personal laptops, phones, AirPods, Apple Watch, etc, is to be used for responsible educational purposes and innovation only. You are expected to participate with your school provided device in classes, unless otherwise authorized by administration to utilize a personal device (see Device Approval form for high school students only). The use of technology resources must be for educational and/or research purposes consistent with the mission, goals, and objectives of Oak Grove Lutheran School along with teachers' classroom policies. Electronic mail, network usage, and all stored files shall not be considered confidential and may be monitored at any time by designated school staff to ensure appropriate use.

### **To the parent:**

With a significant investment in education technology and infrastructure, your student will be exposed and trained to utilize technology as a tool and resource in order to enhance their learning. We encourage your student to be innovative with the technology devices provided during the school day. We also encourage you to support your student in learning to use new technology, ask questions, and have them teach you what they are learning. In compliance with federal law, the school shall make reasonable effort to restrict access to inappropriate materials and shall monitor the online activities of the users in the school environment.

### **Ownership**

Oak Grove Lutheran School retains sole right of possession of each device and school provided account and related equipment. Oak Grove Lutheran School grants permission to students to use the technology provided according to the expectations contained in this document. In addition, Oak Grove Lutheran School staff and administration retains the right to collect and/or inspect devices at any time, including via remote access and to alter, add, or delete installed hardware or software.

### **Expectations:**

#### **Students will:**

- Use only the computer assigned to the student
- LOG IN with their personal Username/password, unless otherwise instructed by teachers
- Access the system for educational purposes only during school hours, including printers

- Use computers for learning, research, innovation, collaboration, and creativity
- Report all damages to a teacher immediately
- Keep passwords and personal information confidential
- Use appropriate language and be respectful of others
- MUTE sound with headphones, AirPods, etc. use only with teacher permission
- Store their device only in a locker (during the day if necessary) or the cart for charging (overnight)

### **Students will NOT:**

- Damage computers, computer systems, or computer networks
- Use another's password or represent oneself as another, including trespassing into another's files, work, or folders
- Attempt to bypass filters with use of Proxy Servers, VPN's, Bypass Passwords, etc.
- Load or use unauthorized games, programs, files, or other electronic media
- Create, send, share, access, or download material which is abusive, hateful, threatening, harassing, or sexually explicit
- Alter, add, or delete any files that affect the configuration of a school computer
- Conduct any illegal activity, including infringement on copyright laws
- Access the data or account of another user (this is considered vandalism)
- Copy any school software (this is considered theft)
- Record staff or students without their consent or knowledge, including the use of webcams, laptops, Chromebooks, cameras, phones, or any other digital device
- IM or Chat during class, with any device unless relative to academic related expectations set forth by teachers
- Put mobile devices and phones not owned or managed by the school on the school's network. They must be on the Guest Network.
- Create/Use Mobile Hot Spots of any kind (this is against CIPA regulations requiring all school devices to be adequately filtered)

### **Use and Care of Devices:**

Proper care of all devices is necessary to allow for the maximum life of the device. Students are responsible for the general care of the devices they are using. Devices that are broken, damaged, or fail to work properly must be reported to a staff member immediately. Replacement or repair of a school-issued device may be billed to a student's family. Students should avoid intentionally wasting school resources, including but not limited to the use of Internet bandwidth, internal network bandwidth or printing resources.

### **Carrying the Device:**

The school's device should be carried with the screen closed and with care in both hands of the person moving the device. Never lift or carry the device by the screen. Under no circumstances should a device be left unattended. Any device left unattended is in danger of being broken, and technology privileges may be suspended or revoked for students who leave equipment in an unsupervised situation. Further, repair or replacement of the device may be the cost of the student/family.

### **Screen Care:**

Clean the screen with a soft, dry, antistatic or microfiber cloth. Screens can be damaged by cleaning too harshly. Be careful. Leaning on the top of a device with the screen closed can result in screen breakage.

Likewise, do not put anything between the screen and the keyboard when closing the device. This could result in screen breakage.

**Battery Life:**

In an effort to have as much battery life as possible, students should be sure to properly shut down all devices before putting them away. Putting a way a device should include putting the device in its cart and plugging it in, so it is ready for the next student to use it. Students should also close the device when not in use to conserve battery life.

**Unattended/Lost/Forgotten Device:**

If a computer is left unattended, it will be brought to the office. For the first offense of leaving the computer unattended, the computer will be confiscated for two days. Every offense after that will be an additional week of confiscation. Students will still be expected to do all work for school on time, and class work will be given to the student in paper form at the discretion of the teacher.

**No food or drink should be around the device at any time.**

**Damages:**

Vendors warrant the devices from defects in materials and workmanship for a limited time. This limited warranty covers normal use, mechanical breakdown, or faulty construction and may provide replacement parts necessary to repair the device or provide a device replacement. The warranty does not protect against damage caused by misuse, neglect, or abuse. While the Technology Fee does pay for some small wear and tear issues, it will not pay for negligence or damage on a large scale. Students/Parents will be entirely responsible for the cost of repairs to computers damaged by negligence or intentional damage.

**Consequences:**

Students who violate the Oak Grove Lutheran School Acceptable Use Policy are subject to consequences. Consequences are determined based on the severity of the violation. These may include, but are not limited to detentions, suspension of technology privileges, or referral to law enforcement authorities, depending on the violation or degree of severity of the computer misuse. Students who violate the rules may also lose access to devices for a period of time. Serious violations will result in the students' use of technology to be restricted or revoked.

**Penalty Box:**

The Penalty Box is a heightened filter system that impacts only those students who have been added to that list and blocks all internet access apart from sites on an approved list created by the teachers and staff. Breaking certain aspects of the AUP or repeated breaking of the rules in this AUP may result in a student being put into the Penalty Box.

1. Teachers and administrators will add the student to the Penalty Box for the required amount of time.
  - A. First Offense: Two Weeks
  - B. Second Offense: One Month
  - C. Third Offense (of if the infraction is serious enough): From one quarter up to the remainder of the school year.
2. The teacher will add an entry to the RenWeb Behavior Log for record-keeping purposes.
3. When the time is up, students will be removed from the Penalty Box and they will once again have full access to the same websites as the other students.
